# PRESERVED NATURE MATERIAL OVERVIEW

In addition to moss, we offer **Other Preserved Nature Materials**, including preserved fern, preserved foliage, preserved mushrooms, preserved flowers, and bark, allowing for further customization and **a richer biophilic design experience**. These elements can be **integrated or combined** to create visually dynamic and texturally diverse installations.

# Preserved Nature Material

## Density Options

### Minimal Accent

- Coverage: 10%
- Subtle, leaf-free or minimal foliage coverage

### Moderate Coverage

- Coverage: 25%
- Balanced mix of moss & foliage, 20-25% coverage
